SURPRISE SPRUNG IN DARROW CASE

State Says Bribe Money Came From McNamara Defense Fund.

GOMPERS' NAME BROUGHT UP

Franklin Testifies That Darrow Told Him The Money Came Direct From the Federation of Labor's President

Los Angeles, Cal., June 4.—That it would trace to the McNamara defense fund of the American Federation of Labor the money alleged to have been used by Bert H. Franklin to bribe jurors in the McNamara trial, was the assertion made today by the prosecution in the trial of Attorney Clarence S. Darrow, accused of bribing Juror George N. Lockwood.

To substantiate the assertion the prosecution placed on the witness stand H. H. Flather, cashier of a National bank of Washington, D. C.

The name of Samuel Gompers, president of the American Federation of Labor, was brought into the record several times. Franklin testified that Darrow once told him the money for the alleged bribery of Lockwood came direct from Mr. Gompers.

District Attorney Fredericks said that no effort would be made to show any complicity of Mr. Gompers in the alleged bribery, but that the State proposed to prove that the $4,000 had been drawn from the McNamara defense fund of the American Federation of Labor and had been sent to Mr. Darrow. He made the same statement in reference to Job Harriman—that no effort would be made to implicate him.

Mr. Flather on the stand was asked if he knew Samuel Gompers. He did not know him personally, he said. Asked if he were acquainted with Frank Morrison secretary of the American Federation of Labor, he said he knew him very well. Mr. Morrison had about five accounts at his bank, testified the witness, one of which was known as the Frank Morrison "Special No. 5 account." This was the McNamara defense fund, the witness said.

Denial From Gompers

Washington, June 4.—Samuel Gompers today said of Detective Bert Franklin's testimony in the Darrow trial at Los Angles:

"That is an absolute falsehood, made of whole cloth. I did not know Franklin and I have never had any dealings with him. I did not send any money to him or to anybody. I do not handle any money. There's nothing to this and it is absurd on the face of it. I have documentary proof which disputes his story. I do not care to give the correspondence out at this time."

BIG DOUBLE EXCURSION.

Both Presbyterians and Baptists Are Coming This Year from Charlotte.

Charlotte, N. C., June 4.—The annual excursion operated by Pritchard Memorial Baptist and Tenth Avenue Presbyterian Sunday schools will be run this year June 26-28 to Wilmington.

The excursion will be operated jointly by the two churches, the train leaving over the Seaboard early on the morning of June 26, the excursionists being taken to Wilmington or Wrightsville Beach as they may desire. This trip is an extremely pleasant one, and is taken each year by many Charlotte people having but a short time for a holiday. Both churches have had much experience in operating excursions and this one under the united management of the two will doubtless prove a handsome innovation, affording the excursionists every opportunity for enjoying the trip to the full limit.

The train will be in charge of the Presbyterians and it will be possible for families making the trip to get special reserved seats, as well as any others who wish to get such seats. The Baptists will be in charge of the boat excursion 50 miles out to sea. A special train will also be operated over the interurban from Gastonia on the day of the excursion, so that people from that section may take the trip. Special rates on the interurban will also be offered. Mr. L. S. Boyd, of this city, is in charge of the local information bureau.

INVESTIGATION CONCLUDED

Committee Will Discuss Action As to Judge Archbald Today

Washington, June 4.—Investigation by the Judiciary Committee of the House into charges of improper conduct against Judge Robert W. Archbald, of the Commerce Court, was concluded today in so far as taking of testimony is concerned. As to what action will be taken the committee will discuss in executive session tomorrow.

Judge Archbald declined an opportunity to defend himself by going on the witness stand. The only defense was offered by his attorney, Colonel Worthington, who read into the record the judge's statement in court when he imposed the fines of $1,000 on the officials of the wire trust who were indicted.

CONVENTIONS IN THE STATE

Second Congressional District Not in Favor of Instructions—Wilson Leads in Wake—Tenth for Underwood.

(Special Star Telegram.)

Rocky Mount, N. C., June 4.—With large delegations in attendance the convention of the Second Congressional District was held here this afternoon, Chairman A. S. Rascoe presiding. The nomination of Hon. Claude Kitchin was without opposition and it was with glowing tribute to his services that Mr. Paul Frizzelle, of Snow Hill, placed him in nomination with a second from Mr. Henry A. Gilliam, of Tarboro. The ballot was by acclamation.

Mr. Kitchin was present and thanked the convention for "this, the seventh manifestation of your confidence". Mr. F. R. Harris, of Northampton, was named and elected as Presidential elector. Within almost a flash a scene of placid calm was turned into a veritable turmoil and the convention was in an uproar for more than an hour. The lighting of the fuse came when Solicitor Daniels, of Wilson county, explained to the convention that it presented a solid phalanx for Woodrow Wilson, despite the report otherwise, and that this committee desired to urge that the convention send its two delegates to Baltimore pledged to support the Jersey Governor. The fight against him was led by Henry Gilliam, of Tarboro, who desired an uninstructed delegation. This was followed by a similar argument from L. V. Bassett, of the local bar. Mr. Connor, of Wilson, responded, requesting instruction. Seeing that a vote for instruction would be lost, the word "instruction" was changed to "endorsement" and this was also lost by a vote of 184 to 56. Mr. Connor, of Wilson, then contended for a testing of the strength of Woodrow Wilson, but this was denied by a rule of Chairman Rascoe.

Following the decision in this matter there broke over the convention another storm when there was presented a motion requesting the next General Assembly to pass a Democratic primary election law for the election of Congressmen from the Second district. This motion was killed by a vote of 233 1-2 to 18 1-2, every delegation voting solidly with the exception of Wilson.

It was decided that the two delegates of the convention to Baltimore should not be thus elected this year and that instead of the election of two delegates and two alternates that four delegates with one-half a vote each should be named. This motion prevailed and the following were elected: W. G. Clarke, of Edgecombe; W. A. Finch, of Wilson; A. S. Rascoe, of Bertie, and Matt W. Ransom, of Northampton. Following the election of a Congressional executive committee the meeting adjourned.

Wake County Echoes.

Raleigh, N. C., June 4.—Advance guards for the State convention Thursday are arriving and working like beavers. Among the candidates here in person are Pell, of Forsyth; Justice, of Charlotte, and Maxwell, of Craven, who have a hard contest for the long term of the Corporation Commissionership, Pell insisting that in spite of his affliction which hampers him very much in getting about, he will prove himself capable of discharging the duties of the Commissionership if entrusted with the office. He has considerable lead in instructed votes, but both Justice and Maxwell express confidence of winning the nomination in the convention.

In the special contest for Lieutenant Governorship, W. E. Daniel, who is leading, is here from Weldon, and E. L. Daughtridge, from Rocky Mount; D. Boushall, of Raleigh is also personally in the fray and E. F. McRae, is expected from Robeson at once.

In the Presidential preference contest the Wilson forces gained a point today by forcing an expression by the Wake county convention, and showing a strength of 103 1-2 votes for Wilson, against 59 1-2 for Underwood.

However, Manager Varner, of the Underwood campaign, announces the capture of the Tenth Congressional District convention today for Underwood, and that the Second district convention refused to endorse Woodrow Wilson by a vote of 184 to 56, today, sending three Underwood delegates and one Wilson. Wednesday night there will be a big Wilson caucus and a rally of Underwood supporters to be addressed by Congressman Heflin, of Alabama.

Uninstructed In Second

Greensboro, N. C., June4.—Democrats of the Second Congressional district at Rocky Mount today re-nominated Claude Kitchin for the seventh time and elected four delegates with one-half vote each to the Baltimore convention, as follows:

Tenth for Underwood

Greensboro, June 4.—Democrats of the Tenth Congerssional district at Asheville today renominated Congressman J. M. Gudger, Jr., and elected four delegates to the Baltimore convention with one-half vote each, as follows:

Dr. H. B. Weaver, Buncombe; B. H. Dillard, Cherokee; J. C. Mills, Rutherford; Hugh Love, Haywood. Delegates are instructed to vote for Oscar W. Underwood.

CONGRESSMAN AND REPORTERS FIGHT

Joseph Annin Assaults Representative Thomas, of Kentucky.

AT THE ARCHBALD HEARING

John Kirby Backs Up His Fellow Reporter—The Fight Declared A Draw—Believed Committee Will Take No Action

Washington, June 4.—In the impressive atmosphere of the House Judiciary Committee was bred today a battle royal that failed to ruffle the Archbald impeachment hearing, but which caused excitement in the corridor outside the committee room. The participants were Representative Thomas, of Kentucky, Democrat; Joseph Annin, a 90-pound reporter for a local newspaper, and John Kirby, connected with the Washington Bureau of the New York publications. Mr. Kirby admits to tipping the scales at 135 pounds, while the Congressman is on the distant side of 200 and sturdy. The battle was declared a draw.

Mr. Thomas, who is a member of the committee, entered the committee room sometime after the hearing had started. Waving a copy of the local newspaper he proceeded to read an account of yesterday's proceedings in the committee which he construed as being a direct attack on himself. A few minutes later he sent a messenger in for Mr. Annin, who promptly went into the hall.

Annin's paper published what Thomas claimed was an untrue story that Thomas denounced. He told the reporter he was mistaken. "Liar" flashed back and forth and Kirby reinforced Annin.

According to eye witnesses of the affair, the following discribes the proceedings by rounds:

Round 1. Thomas sparred oratorically for an opening and advanced cautiously. Annin held his ground and watched his opponent closely, waiting for an opening. It came, Annin swung a right to the jaw. They clinched and no clean blows struck. Still wrestling at bell. Honors even.

Round 2. Still in clinch. Kirby jumped lightly into corrider and collided violently with combantants. Wrestling continued with Thomas as center of flying pin wheel. Capitol policemen sought to referee bout, could not be found. Honors still even.

Round 3. Thomas displayed amazing foot work, but fell into a trick play and went down with a crash. Annin breathing heavily through an incipient mustache, was thrust violently aside by Kirby, who assumed easy position astride Thomas. Thomas evidently in distress crying, "he hit me first. He hit me first!"

With agitation and much effort Thomas felt in his pocket. Kirby decided to end bout. Thomas' round and fight.

Annin seeing Thomas' motion toward his pocket, tripped lightly into a nearby corridor and disappeared, colliding violently with Samuel Gompers, president of the American Federation of Labor, who also was seeking safety in a nearby corridor. Kirby hastened in an opposite direction, pursued by Thomas.

Kirby in his flight seized a mail sack and dropped it as a barrier before Thomas' impatient feet. While Thomas executed an Indian war dance around the mail sack Kirby vanished.

It is not believed any action will be taken by the committee though assault on a member of Congress by a civilian while the former is attending session is a grave enfraction of the constitutional protection afforded members.

SUNDRY CIVIL BILL.

Norfolk, Va., June 4.—The battleship Kentucky, which has been under repairs at the Norfolk Navy Yard for two years, was placed in commission today with Lieutenant Beauregard as ranking officer on board. It has not been announced at this station who will ultimately command the Kentucky.

Washington, June 4.—The House Judiciary Committee decided in executive session today to undertake a preliminary investigation of the beef trust. The committee agreed to report the Edwards' resolution calling for the investigation but before doing so a private inquiry will be made.

FATHER'S ATROCIOUS DEED

White Man of Bath, N. C., Coaxes Child Into Room and Slashed Throat From Ear to Ear—Is Jailed

(Special Star Telegram.)

Washington, N. C., June 4.—News reached this city this morning of one of the most brutal cold-blooded and atrocious murders ever committed in this county when John R. Gibbs, a white man, residing in Bath, N. C., about 20 miles from this city, killed his two-year-old son by cutting his throat from ear to ear, with a razor.

The facts as nearly as can be ascertained are that Gibbs, who is a widower and resided with his mother and child, yesterday afternoon late entered the home and found his son playing in the floor with another child. He called to him, "come here honey, daddy wants you," and took the child in an adjoining room.

His sister happened to pass the door a few minutes later and hearing a gurgling noise thought the father was putting his son to sleep. She opened the door to deliver some message and was horrified to find the child lying on the bed with his throat slashed from ear to ear and the head nearly severed from its body, the bed spotted with blood and gore and a bloody razor on the wash stand. She immediately screamed and the rest of the family rushed into the room. The father in the meantime leisurely walked out on the porch and sat down as if nothing had happened. When questioned he said he had a motive in killing the child but would not divulge it.

The murderer was arrested and brought to this city and locked up in jail some time last night. Feeling is pretty strong against the prisoner in the town of Bath and much indignation has been expressed over the deplorable affair.

A coroner's inquest was held over the child's body this morning and a verdict rendered that the child came to its death at the hands of Jno. R. Gibbs. Opinion is divided as to the prisoner's sanity. Some think he was crazed by dope or whiskey.

BILL REPORTED FAVORABLY

Ways and Means Committee Acts On Underwood Measure

Washington, June 4.—The Underwood cotton tariff reduction bill was reported favorably to the House today by the Ways and Means Committee. The bill is identical with that passed by both houses and vetoed by President Taft last August.

Democratic leaders repeat their claim that the enactment would save more than $80,000,000 a year to the users of cotton clothing. The bill is expected to pass the House quickly but may encounter complications in the Senate.

The committee's report claims that by the passage of the law not only would the people's burden be vastly reduced, but that no actual loss of revenue would result.

Brussels, Belgium, June 4.—The post-election riots in Belgium have taken on a revolutionary air. Following last night's trouble at Liege and other places, the Socialist central committee declared today that it would proclaim a general strike tomorrow. At Antwerp one battalion of scouts and a section of artillery of the civil guard joined the manifestants.

COMMITTEE FACES LOT OF PROBLEMS

National Republican Body Must Pass on Many Party Tangles.

TO MEET THURSDAY MORNING

The Fight To Unseat Victor Rosewater Will Be Taken Up First—Colonel Roosevelt Will Likely Go To Chicago

Chicago, June 4.—Preparations were completed tonight for the meeting of the Republican National Committee Thursday morning. The committee faces a tangle such as perhaps has never confronted a National committee of the party on the eve of a convention.

The right of newly chosen committeemen to seats, the question of open hearings of the more than 200 delegate contests; the prospect of a fight to the finish on the selection of Senator Elihu Root for temporary chairman, and the belief that Colonel Roosevelt and his associates will carry into the convention their fight for the seating of their contesting delegates, are some of the problems engrossing the attention of Chairman Harry New and the other members of the sub-committee on arrangements.

It is the belief of National committeemen now here that the claim of R. B. Howell, of Nebraska, to the seat now held by Victor Rosewater, will be disposed of as soon as the committee meets for organization Thursday morning. The calling of the roll will bring Mr. Rosewater's seat into controversy, it is said.

If the contest be decided against Mr. Rosewater an effort will be made, it is expected, to name Mr. Rosewater as chairman of the committee to serve until the committee shall go out of existence after the National convention.

Roosevelt forces are expecting the arrival of National Committeeman William L. Ward, of New York, who is looked on as the prospective leader of Roosevelt activities in the National committee. Reports that William Barnes, Jr., the Taft leader in New York, might hold a proxy in the committee, further complicated the situation today.

The National committee will meet at 10:30 o'clock Thursday morning. Its first regular business will be to name a chairman. Acting Chairman Rosewater will probably be named to succeed the late John F. Hill, of Maine, it is said. Consideration of new rules and the preliminary business will occupy these sessions and contest cases probably will not be taken up until Friday morning.

The first note of enthusiasm was thrown into hotel corridors tonight when part of the Roosevelt national headquarters forces arrived from Washington. A group of a dozen employes of the headquarters gathered around the hotel desk and signalized the arrival by singing a parody on the "Houn' Dawg" song, the chief refrain of which read:

"You bet they aint kickin' Teddy's dawg aroun'."

Rumors were current today that Colonel Roosevelt would be on hand before the convention preliminaries were out of the way. It was asserted by Republican leaders who arrived from the East that the Colonel expected to be on hand not only to take a part in the convention proceedings, but to direct the activities of the Roosevelt "flying wedge" which is being organized and drilled for propaganda work among the delegates.

Two new contests and two cases where the number of delegates exceed the allotment were added today to cases prepared for submission to the National Committee. In the Fourth Virginia and Third North Carolina districts contest cases have been prepared and in the Thirteenth and Sixteenth Missouri districts double the number of allotted delegates were chosen.

The number of contested delegates now recorded by the committee, including cases where extra delegates were chosen, number 238. Additions may be made to this number.

TAFT GETS DELEGATES.

Ohio State Convention in Charge of President's Friends.

Columbus, O., June 4.—Ohio's Republican State Convention closed its first session in short order today after awarding President Taft the six delegates at large to the National convention by a vote of 390 1-2 to 362 1-2. The State ticket, including the new Congressmen at large, will be chosen at the adjourned session which was called for July 2nd.

President Taft's strength in the convention was plainly evident as soon as the meeting had been called to order. In the report of the credentials committee 11 State delegates were added to the Taft strength without a protest from the minority.

The first trial of strength, a roll call on the minority report endorsing Col. Roosevelt, the delegates voted 393 1-2 for Taft and 359 1-2 for Roosevelt.

The result of the convention today gives President Taft 14 of Ohio's 48 delegates to the National convention and Col. Roosevelt 34.

YOUTH STABBED AT KINSTON

Resented Remark of Companion With a Blow and Was Killed by Knife Thrust—Both Prominent in City—Arrested.

(Special Star Telegram.)

Kinston, N. C., June 4.—Perry Stallings, a young white boy of this city, was stabbed to death at 7:15 o'clock tonight as the culmination of a quarrel with Charles Randolph. Young Stallings was about 15 years old and Randolph is about the same age.

The slaying occurred in the downtown section of Queen street, in front of a restaurant. Stallings is said to have resented a remark by Randolph with a blow, and the latter drew a large knife, stabbing the unfortunate lad in the back, the point penetrating the right kidney. Stallings ran a short distance, bleeding profusely and fell. Other boys tried to carry him and a doctor met them, but the boy died on the street.

Young Randolph fled toward his home. He was arrested by the sheriff. Both boys are well known and Randolph is the son of the late C. T. Randolph, a wealthy carriage manufacturer. The dead boy is the son of J. B. Stallings, a well known tobacconist of North Carolia and Virginia. The tragedy has cast a gloom over the city.

"POLITICAL BRIGANDAGE."

Teddy Comments on Work of Ohio State Convention.

Oyster Bay, N. Y., June 4.—"Pure political brigandage," said Col. Roosevelt tonight, of the capture of Ohio's six delegates at large to the Republican National Convention by supporters of President Taft.

Col. Roosevelt said:

"The plain people of the Republican party of Ohio have just held a Statewide primary in which the repudiated Mr. Taft by over 30,000 majority. The politicians by adroit manipulation have succeeded in giving Mr. Taft the six delegates at large, in cynical defiance of the emphatic action of the people themselves. This is, of course, pure political brigandage.

"This action in Ohio is merely a fresh and conclusive proof that Mr. Taft and his advisers care nothing for the will of the people, and are eager to get the nomination without any reference to the methods by which it is secured, without any reference to whether or not delegates represent the people whom they are supposed to represent. It is a crowning illustration of Mr. Taft's theory of government of the people by a representative part of the people."

Col. Roosevelt also replied to today's statement of William Barnes, Jr., whom he attacked as a "disciple of bossism, and commended the attention of his opponents, including Mr. Taft, to the report of the legislative committee which last Spring investigated conditions in Albany "as to the workings of Mr. Barnes' theory of government in his own city."

Col. Roosevelt has not made up his mind whether he will go to the Chicago convention and he is making preparation for the seat of war as close as possible if he chooses to remain at Sagamore Hill. Workmen began today the erection of telegraph wires to the colonel's home. With the aid of sounders, and a corps of telegraphers manning direct wires from Sagamore Hill to the Roosevelt headquarters in Chicago, Col. Roosevelt will be able to follow the contests step by step and give his directions in minute detail.

RIOTING IN BELGIUM

The Recent Elections Responsible for A Revolutionary Uprising.

Brussels, June 4.—Belgium is in a state of eruption on account of the recent elections, and rioting throughout the country has taken on a revolutionary character. Many persons have been killed or wounded in various cities and a large number of reserves have been called to the colors. Agitation in the industrial centres is rapidly increasing. Every hour brings news of fresh protest by the laboring classes against the governmental victories.

The National disorders generally are attributed to the acute disappointment of the laboring classes over the pronounced victory of the clericals in the recent elections. The Socialists allied themselves with the Liberals on the public school question in opposition to the government policy, hoping thereby to win a majority in the chamber. Their failure caused a wave of anger to sweep over the country.

Latest reports from the provinces show that the strike has spread over the entire Liege basin and has tied up most of the collieries and the big metal industry. Liege tonight has the appearance of a besieged city. Two regiments are under arms, besides police, the civic guard and gendarmes. Several clashes occurred between the rioters and troops. Lancers met and dispersed a column of rioters from the neighboring collieries trying to enter the city. In Brussels a mob tonight wrecked street cars, smashed windows and did all manner of damage.

At Cornu a mob wrecked the Catholic Club. At Bruges gendarmes fired on a mob, wounding 50 rioters, several fatally. The gandarmes were assailed with bottles, bricks and pieces of furniture from hunderds of windows.

NOTABLE SPEAKERS AT THE UNIVERSITY

Dr. Edwin Alderman and Governor Kitchin Made Addresses Yesterday.

COMMENCEMENT EXERCISES

Medals and Diplomas Awarded—Announcement of Changes in Faculty—Other Notes of Interest at the Finals.

(Special Star Telegram.)

Chapel Hill, N. C., June 4.—The 117th commencement of the University of North Carolina reached its maximum of interest today with the commencement address by President E. A. Alderman, of the University of Virginia, and the words to the graduating class from Governor W. W. Kitchin, who presented each graduate with his diploma as his name was called.

Rev. C. E. Maddry said the invocation, after which Dr. Venable presented the speaker of the day. After Dr. Alderman's address, President Venable announced that the Department of Engineering had been separated from that of mathematics, Prof. M. H. Stacy being placed at the head of the former. Profs. T. P. Cross, Kent J. Brown and Warren Stone are new additions to the faculty.

The Mangum Medal was won by Frank P. Barker; the Bingham Medal by J. C. Busby. The number of juniors elected to Phi Beta Kappa, the scholarship society, excels that of any previous year.

Governor Kitchin made a short address. He said in part: "You are by training, intellect and character deemed worthy of honorable participation in the affairs of life. If we could we would touch with the golden wand of perpetual success all your lives. But you wouldn't have us do that. You would rather go forth on your own merit and fight a good fight. It is unreasonable to hope that in so large a class every man will meet worthily his responsibilities, but if you fail, let no one say your conduct merited failure. We will not know who has failed until the roll is called up yonder. Only, let not the pirate's creed of dishonesty and cruelty entice you into wrong methods. A strong character is your only protection. You are better prepared to serve yourselves, your country and your God from having sat at the feet of wisdom and drunk of the fountains of knowledge and tarried at the shrine of discipline. The things that count are steadiness of aim, constancy of purpose, and purity of conduct. Clean bodies and sound brains get ahead of more brilliancy. In the words of Kipling:

"If neither foe nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute With sixty seconds worth of distance run,
Yours is the earth and everything that's in it.
And—which is more—you'll be a man, my son'."

The degree of Doctor of Laws was bestowed upon Governor Kitchin.

Medals, prizes and fellowships announced in connection with today's exercises included: William Cain, prize in Mathematics; J. B. Scarborough; Eben Alexander prize in Greek; R. O. Huffman, Worth prize in Philosophy, W. W. Rogers; Early English Text Society prize, P. H. Gwynn, Jr.; Henry R. Bryan law prize, L. P. McLendon; prizes in N. C. Colonial history, first, C. S. Bryan prize in political science, J. C. Lockhart; Ben Smith Preston cup, J. L. Orr; Freshman prize in English, W. P. Fuller.

Certificates were awarded as follows: Civil Engineering, J. B. Clingman, C. R. Thomas, Jr.; Electrical Engineering, Walter Carter, R. C. McLean, H. L. Parish, Jr., T. B. Slade, Jr.; Economics, L. Rogers, T. S. Royster; Education, C. L. Cates; Zoology, W. B. Cobb, J. W. Harris

The graduating class was one of the largest in the history of the University. The Bachelors of Art were presented by Dean Edward Kidder Graham; the Bachelors of Science in Civil Engineering by Dean Andrew Henry Patterson; Bachelors of Law by Dean Lucius Polk McGehee; graduates in Pharmacy by Dean Howell and Masters of Art by Dean C. L. Raper.

MYRTLE'S LETTER READ

Told of Her Love for Geo. Bradley—Defense Rests

Hendersonville, N. C., June 4.—A letter written by Myrtle Hawkins to Alder Therrell, a friend who resides in Concord, was introduced in court here today, and brought tears to the eyes of many who heard it read:

The letter, evidently written about the time of eGorge Bradley's marriage, told of Myrtle's love for him, and of her pangs at having to be present and see him married. She declared that her caresses would never be granted to any other man.

Will Johnson, who lives about four miles from here, was put on the stand in the rebuttal testimony today and said that he was on his way home from Hendersonville the night Myrtle disappeared and passed within 15 feet of the spillway of the lake. He said he saw three people on the bridge, two of whom appeared to be women and the other he thought he recognized as George Bradley.

A number of witnesses were recalled during the morning, mostly for corroboration of other testimony and the defense rested early in the afternoon.

The State started rebuttal testimony which will probably be concluded tomorrow morning. It is anticipated that argument will be started tomorrow afternoon or early the following morning and the case may get to the jury Thursday.

Shortly before court recessed for noon, counsel for the defense in the Hawkins case announced that the defendants would rest, after which Judge Foushee ruled on the admissibility of two letters which were written by Myrtle Hawkins, a few days before her disappearance, to Aldah Therrel, an intimate friend in Concord. These letters, which were read to the jury, manifested the love that Myrtle had for George Bradley, and how heartbreaking it was for her to attend his marriage in Polk county.

"There I had to sit like a block and see the only boy on earth I loved, marry another girl. Man, it took nerve," is a paragraph of one of the letters which contained other pathetic sentences as follows:

"I wish to God I could go down to your home. I don't see how I am going to stay here and see him every day and not keep on loving him. I know it is a sin, but I can't stop. I think of nothing else but Brad! Brad! Brad! How I love to write his name! I would not have him know that I care for him, for I want him to be happy, if I am always miserable. No one shall ever take away the kisses that Brad gave me. He will never kiss me again, but I will never kiss anyone else.

The full letter written by Mrs. Beatrice McCall to Myrtle Hawkins, while the latter was in Asheville, a few days before her disappearance, paragraphs of which were read to Mrs. McCall and admitted Saturday, having to do with the sympathy she had for Myrtle, was admitted in evidence for the defense today. Mrs. McCall testified that the expressions did not refer to Myrtle's condition, but the letter disclosed nothing for which she expressed sympathy, more than the fact that Myrtle was "sick." Little evidence was brought out by the defense today, as considerable time was consumed in argument on points of law. The State will require at least a day to finish its evidence in rebuttal.

London, June 4.—J. Bruce Ismay told the British court of inquiry today that it had been planned to drive the Titanic at full speed during a few favorable hours of her maiden trip and that he considered Captain Smith fully justified in going at full speed through the ice region so long as weather conditions made it possible to see ice ahead.

UNINSTRUCTED IN LOUISIANA

Delegates, However, Are For Clark And Wilson—Bitter Fight

Baton Rouge, La., June 4.—An uninstructed delegation to the Democratic delegation to the Democratic National Convention at Baltimore was elected here tonight at the Louisiana State Convention. Twelve of the delegates have announced a preference for Speaker Champ Clark, eight being supporters of Governor Woodrow Wilson, of New Jersey.

The six delegates at large are: Governor L. E. Hall, Congressman Arsene Pujo, Mayor Martin Behrman, of New Orleans, (all Clark supporters); former Governor Newton C. Blanchard, Colonel Robert E. Wing and Theodore S. Winkinson(Wilson supporters).

By a vote of 334 to 322 the convention refused to consider a resolution instructing the delegates to vote as a unit. This was a midnight defeat for the Clark forces and means that Louisiana's delegation will be divided between the Speaker and the New Jersey Governor.

Impassioned addresses of Congressmen Robert F. Broussard and Robert Wickliffe, the former attacking Speaker Champ Clark, and the latter defending him, set the delegates to the Louisiana State Democratic Convention into an uproar tonight and the convention hall presented a scene of pandemonium during which much bitterness was evidenced.

Congressman Broussard attacked Speaker Clark for voting for the removal of the sugar tariff and appealed to the delegates to select the Louisiana delegation without dictation from the leaders.

Congressman Wickliffe, although deprecating Speaker Clark's free sugar vote, defended him for his promised support for Federal control of the levee system, a matter, he said, which overshadowed Louisiana's interest in sugar.

When quiet was restored the convention elected Lee H. Mars ,of Lake Charles, a Clark supporter, as permanent chairman. The vote was by acclamation.

Mr. Wickliffe declared that the fight between former President Roosevelt and President Taft for the Republican nomination had stirred such bitter strife in the ranks of that party that any man nominated by the Democrats would be elected as the next President. He did not ask the convention to send an instructed delegation to Baltimore.

HARMON WINS SKIRMISH.

His Private Secretary Named Chairman of Democratic Convention.

Toledo, O., June 4.—Governor Harmon defeated his political foes in the preliminary session of the Ohio Democratic State Convention this evening by organizing the body with George H. Long, of Troy, private secretary of the Governor, as permanent chairman.

Senator Atlee Pomerene, who was slated for the permanent chairmanship, was defeated in the committee on permanent organization by a vote of 10 to 7, after he had expressed himself as opposed to the unit rule.

The indications are that the unit rule will be adopted at tomorrow's session of the convention and that Ohio's 48 votes at Baltimore will go solidly for Harmon for President.

A personal encounter between E. H. Moore, Harmon's campaign manager, and Congressman Whitacre was narrowly averted at the 18th district caucus by the timely intervention of friends.

Congressman Whitacre was speaking before the vote was taken for election of a State central committeeman and said that he refused to be driven from public life by a "political scoundrel."

"You are referring to me and I'll not let anybody call me that name," angrily shouted Moore, rushing toward Congressman Whitacre with clinched fists.

FIRST: They are CLEAN and WHITE and SANITARY, and easily kept so. One case of typhoid prevented will justify the purchase of a new SEEGER.

READY FOR THE CONVENTION

Underwood Forces Making Final Stand—Entertainment Will be Complete—Variety of Claims—Other News.

(Special Star Correspondence.)

Raleigh, N. C., June 4.—Announcement is made by State Manager H. B. Varner, of the Underwood campaign in this State, that Congressman Heflin, of Alabama, is to make a second speech here tomorrow night in the interest of the Underwood campaign for the Presidency. Great numbers of the delegates to the State convention will be here by that time from all parts of the State and will hear him.

Also, there will be a rush of local people who heard his powerful address last week when he came with Senator Bankhead in the interest of Underwood. Mr. Varner declares he is confident there will be no instruction of the North Carolina delegates at large to the Baltimore convention and that Underwood will not only control these, but will have a considerable majority of the delegates from the ten districts. On the other hand the Wilson forces are claiming that they have assurances of 75 per cent. of the voting strength of North Carolina for Wilson in the Baltimore convention.

The committee of citizens named by the Raleigh Chamber of Commerce to take care of the State Democratic convention has thoroughly perfected its preliminary arrangements and President H. E. Litchford, of the Chamber, and Chairman W. S. Wilson, of the special committee, declare that the arrangements are as near perfect as it is possible to make them, and that every delegate will be taken care of most satisfactorily and every detail of the convention arrangements is worked out to a "nicety." There will be about 2,000 delegates and the hotels will take care of about 1,200. The others are arranged for in the boarding houses and private homes. Large numbers of citizens have sent special invitations to individual delegates to come to their homes.

State Manager Varner, of the Underwood campaign, is here for the final fight. He is sanguine of success, claiming that Underwood will get the delegates at large that the State convention will name, and that Underwood will be found to have the majority of the delegates from the Congressional districts. He asserts that there will be no instructions as to the Presidency to the Baltimore convention. Mr. Varner says that the Wilson workers have spread a false impression that either Governor Kitchin or Senator Simmons have had any hand whatever in this Presidential contest so far and influence for Underwood is concerned. He insists that his observation is that both have wisely determined to leave this matter entirely to the people and he feels that insinuations that have been spread around that either of these Senatorial candidates have taken any hand in the fight is not only unfair but dishonorable.

Jno. A. Mills, builder of the Raleigh & Southport Railroad, recently sold to the Raleigh, Charlotte & Southern, and now engaged in the construction and operation of the Elkin & Alleghany Railroad, has just qualified as chairman of the Wake county board of commissioners, succeeding D. T. Johnson, who resigned some weeks ago. Mr. Mills yielded to the urgent appeals of the people of Raleigh and of the county in taking the chairmanship and has some decided reforms in management of county ffairs that he expects to inaugurate.

The third annual St. Mary's Conference has opened most auspiciously and will continue through this week at St. Mary's School here. It is composed of the Episcopal clergy and prominent laymen from all over North and South Carolina with distinguished lecturers and churchmen from a distance to take part in a programme that is most attractive.

The Bronze statue of H. L. Wyatt, the first to fall in the Confederate service, is expected to be here June 7th, and will be placed on the granite pedestal at once for the unveiling to take place on June 10th. The pedestal is already in position.

The electrocution of George Wilkins, the Nash county wife murderer, is set for Friday of this week, having been postponed from May 24th. However, there is an application pending for commutation to life imprisonment and is under consideration by Governor Kitchin. He will make some ruling before the day for the execution.

The State Board of Agriculture today heard Col. Benehan Cameron, Mainard Mangum, of the Durham county board of commissioners, and Mr. Tufts, secretary to the Durham Board of Trade, on the proposition to establish a test farm for tobacco in the Durham section, sites proposed in Durham, Granville, Rockingham and Forsyth counties being under consideration by the test farm committee of the board.

A resolution was favorably received and referred to the Finance Committee, setting aside $500 for a special tobacco exhibit at the State Fair here this Fall.

F. O. BEACH INDICTED.

Aiken County Grand Jury Takes Action Against Millionaire.

Aiken, S. C., June 4.—Frederick O. Beach, the New York millionaire, who has a Winter home here, was indicted today by the Aiken county grand jury on a charge of assault and battery with intent to kill. The charges resulted from a mysterious attack on Mrs. Beach on the night of February 21st last, in which her throat was slashed with a knife.

At the time of the alleged assault it was stated that Mrs. Beach was attacked by an unknown negro, who had come to the Beach home with a note for a servant.

Rewards were offered for the apprehension of the supposed negro assailant. Investigation by local authorities resulted in the issuance of a warrant for the arrest of Mr. Beach. At the time the warrant was issued Mr. and Mrs. Beach were in Europe, but bonds for his appearance were given by friends here.

A number of prominent residents of Aiken were summoned by the grand jury. The case probably will be called for trial at the Fall term of court.

INTEREST IN THE WEST

Craig Special to Raleigh From Asheville—Other Notes

(Special Star Correspondence.)

Asheville, N. C., June 4.—Interest in the local political arena centered today on the Democratic Congressional convention of the Tenth district and on the State convention to be held in Raleigh Thursday. Hon. J. M. Gudger, Jr., was formally named as candidate to succeed himself in Congress. The real interest of this convention, however, was the fight between the Wilson and Underwood adherents.

There has never been a time in many years probably, when the people of the West have taken such interest in a State convention as they are taking in this one. There is reason for this, as a Western man is to be named for Governor without opposition; consequently the Western people have a feeling that this is a convention of their own, and they will attend in large numbers. There is little doubt but that the Craig special, which leaves here for Raleigh Wednesday morning will be filled with enthusiastic Craig men. Not only will Asheville men attend, but letters have been received from Craig supporters all over the western part of the State expressing their intention of going on this train. The special rates—about half the regular rate—have been an inducement to many.

The special will run as the second section of No. 22. It will leave between 9 and 10 o'clock, at which time the blocks will be open and the party will go through without delay.

Information has just been received here that the supreme nine of the Concatenated Order of Hoo Hoo has decided that the convention of the order will be held here July 18th to 20th. Sometime ago Asheville was named as the meeting place but the date was not fixed at that time.

In preparation for the tourist travel the Southern Railway inaugurated today another train between this city and Columbia, which makes 14 trains daily between Asheville and Hendersonville. The new trains are Nos. 3 and 4. No. 3 arrives here at 7 A. M. and No. 4 leaves Asheville at 2:10 P. M.

LENOIR VETERANS DINED.

Waddell Chapter, U. D. C.—Mule Backs Off Bridge—Mr. Rountree.

(Special Star Correspondence.)

Kinston, N. C., June 4.—The A. M. Waddell chapter, United Daughters of the Confederacy, gave the annual dinner to the Confederate veterans of Lenoir county yesterday, on the high school campus on Independence street. A large number of veterans were guests of the Daughters, and several were presented with crosses of honor. The spread to the old soldiers is an annual affair, which, unlike in most places, is held at a different time from the regular memorial day celebration.

An literesting spectacle was witnessed at the city end of Parrott's bridge, which crosses Neuse river here, when a mule backed off the bridge. The structure, an old wooden affair, was built high above the water to be safe from the Spring freshets and frequent floods, and the balking mule, resisting all efforts of its driver to restrain it, plunged many feet from the rickety structure, landed on dry ground very near to the water, 15 feet deep at the bank, and miraculously escaped unhurt, although the cart which it was drawing was demolished. The driver leaped from the cart as it went over, and also escaped without a scratch.

J. R. Rountree, formerly of Kinston, has been made managing editor of the Western Stockman, at Phoenix, Ariz. Mr. Rountree was for many years on the staff of the Free Press in this city, and left several months ago for the West to engage in the newspaper field. He is well known throughout North Carolina, and is from one of the State's best families. His grandfather is R. H. Rountree, a millionaire stock and cotton broker of New York, formerly of this section. The new editor of the Stockman has been successful in the legal and journalistic professions, and is a U. N. C. graduate.

TO BREAK UP SHIPPING TRUST.

House Has Bill That Contains Drastic Provisions.

Washington, June 3.—The House today passed a bill designed to protect American shipping and commerce against alleged monopoly of the so-called foreign "shipping trust." The committee introducing the measure reported that 90 per cent. of all shipping entering American ports was in foreign pools and that no competition existed.

Refusal of clearance papers to "trust" ships, refusing entry to American ports and the imposition of heavy fines or the confiscation of such vessels are among the penalties provided for conviction of violation of the law.

The proposed measure would also empower the Postmaster General to cancel mail contracts with vessels that are parties to a "pool" or otherwise are committed to restraint of trade.

TRINITY COLLEGE FINALS

Sermon by Bishop McDowell—Annual Alumni Dinner Is Held—Wiley Gray Medal—Other Features Of the Day

(Special Star Correspondence.)

Trinity College, Durham, N. C., June 4.—Today was the first really big day in the commencement week at Trinity. In spite of a day opening up with clouds hanging low in the heavens, and finally a s low drizzle of rain, Craven Memorial hall was filled almost to overflowing by more than a thousand students, visitors, and townspeople who crowded into the hall to hear the masterful sermon of Bishop William Fraser McDowell, of Chicago, bishop in the Northern Methodist Church.

The bishop spoke without manuscript or notes, and held the attention of his audience throughout the hour or more during which he preached.

The text of the sermon was found in Matthew 13,3, as follows: 'Behold, a sower went forth to sow." Bishop McDowell took the scene of his sermon from the farm of an uncle in North Dakota many years ago. He told how his uncle sowed seed and taught him to sow, stringing bag over his shoulder saying "follow me." Little did the old uncle dream long years afterwards that the little boy would hear the voice of the Saviour calling, "follow Me." There are two ways of interpreting this parable of the sower. One is where emphasis is placed upon the seed that fall upon bad ground and the other is that placing emphasis upon the seed that fall upon good ground. He said that the good sower threw some seed over the boundary line of the field, and that we should always be a little kinder than we have to.

Immediately following the sermon of Bishop McDowell, the Alumni dinner was held in Angier Duge Gymnasium, and the attendance of almni was the largest in the history of the college. The class of 1907 had a reunion this year and the attendance of the former members of the class was exceptionally large. The alumni address was made by Hon. Frank A. Linney, a prominent young attorney, of Boone, N. C. His talk was interesting and full of patriotism and loyalty to the college, and doubtless the many alumni who heard him were made more loyal to their alma mater than ever before. Mr. William R. Odell, of Concord, N. C., the president of the association for the past year, was present and presided over the meeting.

Tonight in Craven Memorial Hall took place the contest between members of the senior class, in which four graduates spoke in competition for the Wiley Gray Medal. The contest was hard fought, and each young man had prepared a speech which reflected great credit upon himself, and showed that he had spent much time in the preparation of the address. The medal was awarded to W. G. Sheppard, of Farmville.

The judges for the occasion were: Rev. M. T. Plyler, of Elizabeth City; Col. John F. Bruton, of Wilson, and Rev. J. H. Barnhart, of High Point.

The speakers and their themes were E. L. Jones, Charlotte, N. C., "Constructive Imagination;" R. G. Cherry, Gastonia, N. C., "American Federalism;" W. G. Sheppard, Farmville, N. C., "America's Greatest Mission," and E. J. Londow, Asheville, N. C., "The Organization of Labor."

Bishop Kilgo presided for the medal contest and prayer was offered by Rev. John C. Wooten, of Wilmington. The medal was presented in a beautiful address by Mr. Jos. G. Brown, of Raleigh.

The Braxton Craven Medal given by Gen. Julian S. Carr for the best essay was won by F. S. Bennett, of Cleveland, Tenn. The Fortnightly Club prize was won by F. S. Bennett, of Cleveland, Tenn. The Fortnightly Club prize for best article contributed to the magazine was won by N. I. White, of Statesville. In the Columbian Literary Society contest the orator's medal was awarded to A. D. Byrd, of Mt. Olive. The Freshman's debater's medal went to P. E. Green, of Anson county. The general debater's medal was won by E. J. Londow, of Asheville. In the Hesperian Society the orator's medal went to E. L. Jones, of Charlotte; freshman's medal to R. L. Brown, Watauga county, and the general debater's medal to James Connon, Jr., of Waynesville.

Dr. Albert Anderson, of Raleigh, was elected president of the Alumni Association; Rev. H. M. North, Raleigh, vice-president, and M. I. Newsom, Durham, secretary-treasurer. Prof. E. C. Brooks was elected chairman of the executive committee.

Tomorrow will be the last day of commencement. The graduating exercises will be held at 11 o'clock, and the address will be delivered by Dr. Harvey W. Wiley, former chief chemist of the government pure food department. There has been circulated abroad a statement that Dr. Wiley was sick and would not be present, but he has notified the college authorities that he will be here tomorrow to deliver the address. The announcement of business transacted by the board of trustees will be made at that time as well as the awarding of diplomas.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. H. W. Robinson, 100 W. Divine St., Columbia, S. C., and Mrs. W. L. Shepard, Statesville, Ga., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Wednesday, June 5, 1912.

Many a man who would steal chickens will be sure to lock up his before he goes to bed.

"Actions speak louder than words" especially when you show the money and have good intentions.

No doubt Chicago enjoys the notoriety that she is getting and will continue to get for nearly two weeks.

Our idea of an optimist is to feel as cock-sure as a Democrat that the next President is to be an out and out Jeffersonian.

John Hays Hammond has returned from nudging the European rulers in behalf of San Francisco's exposition.—Columbia State.

The Ameriran people ought to look upon it as the sublimest presumption for any man to put up his head for a third term as President.

In just about four weeks we will have with us both the Republican and Democratic nominees for President and the 4th of July on the side.

If Temporary Chairman John C. New stands pat, the Colonel's trained rooters will have to camp outside the National convention at Chicago.

Don't let North Carolina get left in picking out the winner at Baltimore. The time to get on the Wilson bandwagon is before it runs away.

Barnum's "wild man of Borneo" died a few days ago, but the show people who have watched the campaign doubtless know where they can get one equally as good.

President Taft is being criticised for making Boss William Barnes, Jr., of New York, engineer of his steam roller at Chicago. However, look who it is that Billy's got to run down!

A man once refused to pay a few hundred dollars for a sand hill in a part of the city of Wilmington. Another man bought the sand and has refused $20,000 for his bargain.

The Washington Post quotes: "Chicago delegates $3,000 on the hoof." How many of them will have their way paid to Chicago on account of the supreme importance of their presence?

The Medill McCormicks and the George W. Perkinses, of the Harvester Trust, are conspicuous at Roosevelt's conferences. Just how many more trust magnates are lending aid incognito, probably will never be known.

Since the contest between Roosevelt and Taft has so narrowed down that it is almost impossible to predict who will be nominated, many Republican papers have quit saying anything about either the President or the ex-President. This indicates that they will support either if he is nominated, third term or no third term.

We are the possessor of a letter from a great-uncle to our grand-father which epistle shows that in the Presidential campaign when the Republic was young, the candidates for President accused each other of doing things. We should judge from our old uncle's letter that the candidates then "went on" like candidates for the United States Senate.

Says the Columbia State: "The South Atlantic Cone Johnson League,' dubs the Pensacola Journal 'must hold a meeting and provide a banner with which Cone can stampede the convention when he gets there.' Happy thought. And that reminds us that last week the Houston Post grudgingly published a handsome likeness of Cone. Don't fail to get one." Cone is all right. Let him go away up in front with the league pennant.

WILL NOT VOTE FOR ROOSEVELT

Evidently this is not a year when the people want a Republican of any description for President. The Republican primaries have been slimly attended everywhere and the result is practically a draw betwen Taft and Roosevelt. Roosevelt has shown remarkable strength but it is only a small part of a minority of the Republican voters who have been taking any stock in the primaries and voting either for the President or the Rough Rider. In other words, the combined primary support for both candidates constitutes a minority of the Republican voters.

Evidently, therefore, the great mass of Republican voters has refrained from participating in the primaries because they do not care for either Taft or Roosevelt as a nominee and because they are disgusted on account of the disgrace which their scandalous fight for the nomination has brought upon the Republican party and the Nation. Not counting the great majority of Republicans who refused to take part in the primaries, it is safe to predict that if Roosevelt is nominated Taft partisans will not vote for him, and, on the contrary, if Taft gets the nomination he will not get the support of thousands of Roosevelt partisans. At all events, the right sort of Democrat will get the support of thousands of Republican voters who will not vote for either Taft or Roosevelt. All the Republican papers we see contain communications from old line Republicans who declare they will not support Roosevelt. For instance here is a communication taken from the New York Tribune of Monday:

"To the Editor of The Tribune:

"Sir: Is not Roosevelt fooling himself by thinking that his nomination at Chicago assures his election? Many of his old-time friends were sorry to see him jump down from his pedestal to chase the nomination through political backyards, but this feeling has changed to disgust since he has shown such eagerness to humiliate the country in the eyes of the world. The writer has voted for every Republican President for forty years, but if Roosevelt is nominated I will vote for any strong, level-headed man the Democrats may nominate, as I believe Roosevelt would be a dangerous man in the White House. A majority of the Republicans of my acquaintance feel the same way. MERCHANT.

"Hartford, Conn., May 29th, 1912."

The Hartford merchant speaks not only for himself but for a majority of the Republicans of his acquaintance. The papers seem to be full of cards containing just such sentiments towards Roosevelt, and no doubt just as many such cards would be received from anti-Taft men were the President nominated. However, here is a card sent to the New York World by an old Republican who wants to vote for Woodrow Wilson:

"To the Editor of The World:

"Your editorial on the nomination of Wilson for President is O. K. I have been a Republican for fifty years but want a chance to vote for Wilson. I believe he will command a very large independent vote. Boom Wilson! Thousands of Republicans are disgusted.

"(Rev.) MYRON TYLER.

"De Wittville, N. Y., June 1."

These are just voluntary Republican statements showing which way the wind blows.

A JUST AUTOMOBILE LAW.

The Missouri Supreme Court has sustained a State law which requires automobile drivers to stop and assist persons whom they have injured or damaged. That is a just decision. The surprising and painful part of it is that anyone should carry up a case to the Supreme Court in an attempt to overthrow a law which a savage must admit is a humane statute.

To run into a person and then hurry on without even stopping to learn the results is about as bad as the case of the ship captain who ignored the distress signals of the foundering steamship Titanic. If there were no punishment for automobilists who refuse aid to those they have injured, people would soon take the law in their own hands when criminal flight is undertaken after a collision.

Common humanity would dictate to good men that it is a sacred duty to stop and render all the assistance in their power, but we have heard that recently when an automobile party ran into a buggy on the Castle Haynes ad, near Wilmington, the autoists put on power and sped away, not caring whether they had crippled the buggy and were cruelly unconcerned whether any person had been hurt or not.

THE STEAM ROLLER AND THE BIG BLUFF

The Baltimore Sun has figured it out that nothing on earth will secure the nomination of Taft at Chicago but the steam roller. Yet, says The Sun, "when a President has to depend on the steam roller, he may as well throw up his hands and quit." It must be admitted that a steam roller nominee would be a weak brother in the race.

As for Colonel Roosevelt, he is counting on the nomination but he knows what it is to have to reckon with the steam roller. He is now bending his efforts to head off the steam roller by first getting control of the National Republican committee. He is determinedly setting about to do that but is running into several kinds of stumps. It seems, however, that the nomination depends upon which candidate can secure control of the National committee. The committee will have to settle more than 200 contested seats, but The Sun is satisfied that "if the committee decide every contest in favor of Taft, they might scrape up 540 for the President, but they would split the Republican party wide open and justify Roosevelt in bolting."

No longer do Taft organs express great confidence in the nomination of the President. On Sunday the New York Tribune's summary of delegates gave Roosevelt 458 1-2 delegates certain, Taft only 439 1-2, with 110 seriously contested or unassigned. According to the pro-Taft Tribune's figures the President would have to get exactly 100 1-2 of the 110 contested votes in order to have the bare 540 necessary to nominate.

The New York Herald's Sunday footing makes a better showing for the President, giving Roosevelt 452 to Taft's 488, including all regarded as favorable to Taft. According to The Herald, Taft would have to get 52 more delegates to win.

The New York Sun makes the best showing for Taft, that paper persisting in crediting Taft with 526, only 14 short of nomination. However, The Sun agrees with The Tribune that Roosevelt has 458.

The political doctors seem to differ, and it leaves us in the position, after all, of having no really reliable information as to the result. Since conflicting claims make the assertions of rival campaign managers so unreliable, the Brooklyn Eagle has made an independent canvass of each State with the following results:

Total uncontested for Taft	371
Total uncontested for Roosevelt	429
Contested by Taft	33
Contested by Roosevelt	175
Scattering and to be elected	70
Total delegates to convention	1,078

There is nothing very clear about any of these forecasts but out of it all we do get the idea that whoever gets control of the National committee is more than apt to capture the convention and be nominated. Either one of the candidates nominated by "strong arm" methods would hardly be able to so unite the Republican party as to beat the Democratic nominee.

CURRENT COMMENT.

One fellow was mentioned esterday for the Vice Presidency; but we don't remember what his name is!—Greensboro News.

Can it be possible that only a few short months ago the country was complaining of Theodore Roosevelt's silence?—Columbia State.

The Wake county primaries resulted in a decisive victory for Underwood. About three-fourths of the delegates to the county convention favor Oscar Underwood for President. The battle was sharply drawn, especially in the city, and the Underwood people are much elated over their victory. The attempt to muddy the waters and mix up the Presidential fight with the Senatorial situation, that has been made since the primary doesn't fool anybody nor doesn't scare anybody. The friends of the candidates for Senator understand it and have discounted it. The people voted for Underwood delegates because they wanted Underwood delegates and not because anybody fooled them. If there was any fight made openly and vigorously in this city and county it was in the election of delegates with regard to their Presidential preference. The Wilson people were beaten and that is all there is to it except that some of them now want to squeal.—Raleigh Times.

THE INLAND WATERWAY.

Editor Star:—I have been for some time wondering why the Wilmington people haven't urged Congress to appropriate funds and rush through the inland waterway from New River to the Cape Fear. Newbern is getting quite some business from here by the inland waterway and lower freight rates by boat. The attention of the Chamber of Commerce should be called to this matter.

Very respectfully,
O. F. JUSTICE,

Snead's Ferry, May 25th.

Editor Star:—I read with interest the above letter of Mr. O. F. Justice in The Star of the 29th, calling attention of Wilmington and its wide-awake Chamber of Commerce to the great importance of the Inland Waterway from Beaufort to Wilmington.

In reply I wsh to say, that this Inland Waterway from Beaufort to Wilmington through Bogue Sound has been surveyed and recommended by Capt. Earl I. Brown of the United States Corps of Engineers as a part of the Boston and Key West, Fla., Atlantic Coast Inland Waterway.

The present Rivers and Harbors bill soon to pass Congress carries an appropriation of $500,000 to buy and make free to the coastwise trade the toll canal from Norfolk. It carries a $300,000 appropriation to deepen to 12 feet the new ten-foot canal from Pamlico Sound to Beaufort Inlet, and also $300,000 to begin the construction of the badly needed harbor of refuge at Cape Lookout—to cost $3,500,000 complete—besides the appropriation needed for the Cape Fear river at and above Wilmington. This harbor of refuge at Cape Lookout will greatly lessen the great danger at Cape Hatteras and Cape Lookout, make water freight transportation safe along the dangerous North Carolina coast, therefore much cheaper for all sea-going steam and sail vessels.

The Beaufort-Wilmington inland canal waterway through Bogue Sound is a part of the Boston-Key West waterway, which the whole Atlantic coastwise trade is united in pushing with every effort to rapid completion, and we hope that this section, the Beaufort to Wilmington canal, 12 feet deep and 100 feet wide, will be taken up next by Congress and completed soon.

With this Atlantic coast deeper inland waterway from Boston to Key West, linking all these deep inland sounds, now well under way along the entire Atlantic coast and the harbor of refuge at Cape Lookout, soon to be constructed, our sea-going and inland coast-wise trade will have sufficient and safe waters for its traffic which should greatly reduce the freight rates on all heavy trade, such as lumber, cotton, grain, coal, fertilizers, cotton bagging and ties and heavy groceries. Not only this great saving to the consumers of such, but such cheaper water transportation will relieve the such heavy freight congestion of our railroads, so that they can give proper and long needed attention to faster schedules for the perishable fruit and vegetable large industry of our South Atlantic States from Florida to North Carolina and Virginia, so long blighted and paralyzed by slow "ox-cart" schedules and "hot" refrigeration. With these fast iced trains, making easily as fast schedules as fast passenger trains, these fruit and vegetable crops can be rapidly doubled in quantity with remunerative prices to the growers, double as much "gold in the coffers" of the railroads for freights, and even at cheaper prices to the large army of hungry consumers in the larger and larger Northern cities, needing so badly this wholesale fruit and vegetable diet for the Spring and Summer season. Even the present large crop of North Carolina strawberries, 1,800 carloads, if delivered 24 hours sooner, which could have easily been done with first-class freight schedules, though wet from much rain, would have sold easily at a profit, rather than at a loss of $1 per crate, while large bean, Irish potato, melon and huckleberry crops (which have made Sampson county so famous) would no longer rot in the field and woods for lack of cheap transportation.

Mr. Editor, can you and your readers imagine any greater blessing to eastern North Carolina truckers, to the A. C. L. R. R. Co., and the hungry thousands of consumers in our large cities, piteously crying out today against the high cost of living? to say nothing of the great relief to all classes of our people, the factory and farm alike, along the coast and interior as well as of the whole Atlantic coast, from the Atlantic coastwise deeper inland waterway and Cape Lookout harbor of refuge in much cheaper water transportation of the heavy trade above mentioned, as Mr. O. F. Justice most wisely suggests in his letter, the attention of your wide-awake Chamber of Commerce and the boards of trade of all our North Carolina coast and inland cities and towns, as well as the factories and farms should be called to both these splendid and much needed safer and cheaper means of water transportation now in progress on our North Carolina coast, which means so much to us as well as the great need also of faster freight schedules for our railroad lines. Only yesterday I received a letter from the Atlantic Deeper Waterway Association, calling my attention to the necessity of arousing the people of my State and coast-wise districts to the urgent need of this deeper inland waterway, urging them and the Chambers of Commerce of the cities and towns of eastern North Carolina to join with this Atlantic Association in creating and energizing public sentiment along the Atlantc coast, especially to demand of the United States Congress the rapid completion of the Boston-Key West Deeper Inland Waterway, so that the Atlantic coastwise trade might have cheaper, safer water transportation and the above beneficent results thereof be enjoyed alike by the American people so vitally concerned in their own welfare.

Hoping that you will gladly take up, which I feel sure you will, this most vital matter to our North Carolina people, I am, with best wishes,

Yours most truly,
JNO. M. FAISON.

FEDERAL COURT BUSY.

Several Cases at Greensboro—Educational Meetings—Other Notes.

(Special Star Correspondence.)

Greensboro, N. C., June 4.—Up to noon today only two jury trials in Federal court had been completed, the defendants in each instance being charged with distilling. George W. Clapp, white, of Alamance, was found not guilty. In the second case John Henry Fields, a Guilford farmer, who owns a fine piece of land, is not getting along so smoothly, the jury apparently being hung up in his case. The docket includes a number of distilling and blockading cases, though none of especial importance.

Rev. L. Berge Abernethy, of Asheville, educational secretary of the Western North Carolina Conference, has begun a week's special service at the Spring Garden Street Methodist church and last night was heard by a large audience. Mr. Abernethey is a brother of Rev. W. E. Abernethy, of this city, and has already made an impression upon those who have heard him as a deep thinker and eloquent speaker.

Greensboro has steadily held a lead over Winston-Salem in the Y. M. C. A. membership campaign being waged between teams of the two cities, today's report showing the locals to have a margin of several hundred points. The contest is similar to that waged between Charlotte, Savannah, Charleston and Jacksonville recently, and it has stirred considerable interest in these two North Carolina cities.

Motherhood

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

DON'T GROW BALD YOUNG MAN!

Take Care of Your Hair While You Have Hair to Take Care Of.

It's a safe ten to one bet that the young man who uses PARISIAN SAGE as an occasional hair dressing will never grow bald.

There's a reason, of course, and it's a very good and sufficient one.

Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

The Naked Truth
DANDRUFF GERMS Did It

PARISIAN SAGE prevents baldness, by destroying the cause of baldness—the little persistent vociferous dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN SAGE.

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. PARISIAN SAGE is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN SAGE; it nourishes the hair roots, if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50 cents at drug and department stores and toilet goods counters. See that you get PARISIAN SAGE. The girl with the Auburn hair is on every carton and bottle.

Robt. R. Bellamy guarantees it.

COUNCIL AWARDS CONTRACT

The American-LaFrance Fire Engine Co., to Furnish City Two Auto Fire Apparatus—Regular Meeting Today

Approving the recommendation of Councilman B. C. Moore, in charge of the Department of Public Safety, the City Council in special session yesterday morning awarded to the American-LaFrance Fire Engine Co., the contract to furnish the city two automobile combination chemical engine and hose wagons, for $11,500, or $5,500 each. The American-LaFrance won over two other bidders, these being the Webb Motor Fire Apparatus Co., and the Wilmington Auto Repair Co., agents, of this city.

Mayor Smith presided and all members were present. The bids to furnish the fire apparatus were opened Monday afternoon. The three bids were carefully considered by Councilman B. C. Moore and Chief Chas. Schnibmen, of the fire department, and they were prepared to make their recommendation at the meeting yesterday. Mr. P. O. Hebert, the Southern representative of the American-LaFrance Company, with headquarters in Atlanta, was present. The company agrees to have the apparatus here and in working order in 60 days and it was agreed that 10 days after the cars have been received and tested, the city is to pay $4,000, the remainder to be paid in annual installments of $3,500 each with interest at 6 per cent. The machines are to be built according to specifications of the chief of the fire department and will be especially designed for service in this city. The contract was awarded to one of the largest and most reliable concerns of the kind in the country and the city expects the cars to be first-class in every respect.

Woodus Kellum, Esq., appeared before Council to request that the police sergeants be given an increase in salary in keeping with the increase given the privates in the police and fire departments. Members of Council stated that the budget had already been settled upon and that no increase could be given this year.

Beginning today the regular weekly meetings of Council will be held in the morning during the Summer months instead of in the afternoon. The hour of meeting is 9:15 o'clock. The reports of the different departments will be submitted at the meeting today and there may be other matters of interest up for consideration.

DELICATESSEN STORE

Up-to-Date Establishment to Be Opened On Market Street Tomorrow

Elsewhere in today's paper will be found an announcement that will doubtless be interesting reading for many Wilmington housekeepers. It is to the effect that tomorrow a modern and up-to-date delicatessen and fancy grocery store will be opened at 130 Market street, of which Mr. B. May is the proprietor.

Mr. May has just returned from New York where after a wide experience in this line of business he bought all the furnishings and stock for his new establishment here. The The store is elegantly furnished in beveled mirrows and oak fixtures and is a decidedly new thing for Wilmington, and one that will doubtless prove popular, once the people of the city learn what an extensive line a real delicatessen embraces.

The announcement in another part of the paper today gives some of the lines to be handled and also announces the grand opening to take place tomorrow, at which the ladies are especially invited to be present. Handsome souvenirs will be given every lady visiting the store, on the opening day.

PORT PARAGRAPHS

Steamer Celia Remains Stuck—Lighthouse Tender Cypress Here

The revenue cutter Seminole went down the river yesterday morning and made a second effort to pull the British steamer Celia into the channel, but this effort met with little more success than the first one and the big tramp is still stuck hard and fast. When the Celia first ran aground it was thought that it would be an easy matter to float her, but the task is proving to be a herculean one. The cargo of nitrate of soda is still being lightered and this method will probably be resorted to until the steamer can be floated.

The United States lighthouse tender Cypress, stationed at Charleston, was here yesterday making an inspection of buoys in the Cape Fear.

Six Cases Against Negro

Eli Faulk, colored, was given hearing before Justice Harriss yesterday on six separate cases charging the larceny of bicycles and probable cause being found in all of them, he was sent over to the Recorder's court for trial next Saturday, June 8th. In default of $250 bond Faulk went to jail. The wheels were stolen from the Queen City Cycle Company and others, and the negro is suspected of being one of an organized gang of bicycle thieves which it is believed has been responsible for the disappearance of a number of wheels recently. The six wheels which Faulk is charged with stealing have all been recovered.

INSPECTED THE COLONIES

Mr. Jolles and Party Visited Van Eeden, St. Helena and Castle Haynes Yesterday—Impressed With Conditions

As the guests of officials of the Atlantic Coast Line, Mr. H. R. Jolles, of Savannah, Ga., vice consul for Nehtrelands for North and South Carolina, Georgia and Florida; Baron Hooft, who represents a foreign syndicate interested in immigration and colonization projects, and Mr. Tydeman, a soil expert who is investigating conditions in the South, made a trip up the W. & W. road yesterday in a special train, visiting the colonies of the Carolina Trucking Development Company at Van Eeden, St. Helena and Castle Haynes.

In the party in addition to Mr. Jolles, Baron Hooft and Mr. Tydeman, were Mr. W. J. Craig, passenger traffic manager of the A. C. L.; Mr. W. H. Newell, general superintendent of this division; Mr. E. N. Clark, agricultural and immigration agent; Mr. Hugh MacRae, who originated the colonization projects in this section, and Mr. C. Van Leuven, president of the Carolina Trucking Development Company. The trip was made in Mr. Newell's private car.

Van Eeden, the new Dutch colony of the Carolina Trucking Development Company, was the first visited and here the party spent several hours going over the farms of the settlers and examining the soil, crops, newly built homes of the colonists, etc. Mr. Jolles, Baron Hooft and Mr. Tydeman were especially interested in this colony, where so many of their countrymen have settled and are developing their splendid farms in a manner that bespeaks their skill as agriculturists.

From Van Eeden the party went to St. Helena, the Italian colony of the Carolina Trucking Development Company, and here too the visitors were much impressed with the evident success of the settlers. The neat little homes and farms with their air of thrift and prosperity, brought many exclamations of surprised approval from the visitors.

Several hours were spent at St. Helena and the party then took the special train back to Castle Haynes, where they left it and were met by automobiles. In these they went over the entire colony at Castle Haynes, making a very thorough inspection of the farms and the crops, soil conditions ,etc. From there they returned to the city in automobiles, reaching here shortly before 6 o'clock.

When seen at The Orton last evening by a Star representative, Mr. Jolles spoke very enthusiastically of the day's trip and the colonies he had visited. He declared that a great deal had been accomplished by the Carolina Trucking Development Company, and he stated that he was especially impressed with the class of people who are settling in the colonies. They represent the best class of thrifty and intelligent farmers and will mean much in the development of any country in which they settle. Mr. Jolles declared that the company is doing a great work for the people and that the colonists are deeply appreciative of the company's interest in their welfare. The company, he said, seems to be not only trying to give the people homes, but is also sparing no effort to pave the way for a comfortable and substantial future for the settlers.

Mr. Jolles said that he finds the climatic conditions in this section almost perfect and while Mr. Tydeman did not find the soil quite so rich as he had anticipated, he felt nevertheless that with the assistance of the agricultural experts which the company extends to the settlers and the use of fertilizer wherever needed, splendid crops can be raised and an excellent income realized from the moderate investments which the people are able to bake. The freight facilities, Mr. Jolles said, are very good and enable the settlers to market their products quickly and at a small cost. He spoke very highly of the work which Mr. MacRae founded and which the Carolina Trucking Development Company is carrying on and declared that it will mean great things for the section.

Today Mr. Jolles and party will be guests of Messrs. Craig and Clark, of the Coast Line, and Mr. Van Leuven, of the Carolina Trucking Development Company, on further inspection trips about the city and to points of interest in the county. A trip will also be made to Wrightsville Beach. Mr. Jolles, Baron Hooft and Mr. Tydeman will leave this evening for Savannah.

MOTHER TO KEEP CHILDREN.

Habeas Corpus Proceedings Heard Before Judge Allen Yesterday.

Judge Oliver H. Allen, who is presiding over this term of Superior Court, heard a habeas corpus proceeding, at chambers, at the Court House at 2:30 o'clock yesterday afternoon. Lot Harrison, of Robeson county, was endeavoring to regain possession of four children from his wife. He alleged that his wife was not a fit person to raise the children. On the other hand she charged her husband with cruelty, non-support and declared he was a worthless sort of fellow. Two of the children were present in the custody of Deputy Sheriff T. C. Barnes, of Lumberton. The defendant was represented by Attorneys Greer and Brown. Mrs. Harrison did not have any attorney, but when she had concluded her "say" it was the general opinion that she did not need an attorney. Judge Allen decided to let the children remain in the custody of the mother until the regular term of Robeson county Superior Court, which begins July 1st, when the matter will be heard.

THROWN FROM WHEEL TO DEATH

Claude Copeland, Colored, Collided With Negro Woman While Racing On Bicycle and Died Later at Hospital

Colliding with Ellen Smith, a colored woman, while racing on his bicyce at a terrific speed down Dickinson street, near the James Walker Memorial Hospital Monday evening about dark, Claude Copeland, a negro tailor, aged about 22, was thrown from his wheel and sustained injuries from which he died at the hospital early yesterday morning. The Smith woman was also injured in the collision, but is expected to recover.

Copeland and an unknown negro were racing down the incline on the extension of Tenth street, known as Dickinson, on their bicycles, just about dusk Monday evening. Messrs. E. A. Palmgren and W. R. Nye were on their way home from the Wynnewood Lumber Company offices, where they are employed, and witnessed the accident. They heard the bicycles behind them and got out of the road just as the two negroes flashed past. Copeland, who was slightly in the lead, turned to watch his opponent and just as he did so he ran full tilt into the Smith woman, who was coming toward him and who evidently did not see the approaching bicycle until it was too late for her to avoid it. So great was the force of the impact that she was lifted and thrown through the air for perhaps 10 feet, where she lay stunned, with an ugly gash in her head. Copeland was hurled to the ground with terrific force and his bicycle was almost demolished. He lay unconscious, with a cut on the back of his head, and a number of other cuts and bruises. His teeth were driven through his lips by the force of the collision of the fall.

The unknown negro dashed by on his wheel as the accident happened, stopping only a short distance beyond and coming back to the injured man and woman. Messrs. Nye and Palmgren and several other white men had gathered by this time and under their directions the unknown negro was sent to the James Walker Memorial Hospital, only a short distance away, for the ambulance. The man and woman were placed in the ambulance and carried to the hospital. Everything possible was done to save Copeland's life, but to no avail, and he died about 2:30 yesterday morning without having ever regained consciousness.

The fact that there had been an accident did not become known in official circles until yesterday about noon. Sheriff Cowan received a report to the effect that there had been an automobile accident near Wynnewood box factory. Accompanied by Justice Geo. Harriss he went immediately to the point designated. It was then that the facts as outlined above were ascertained.

GREGG CASE NEARS END

Taking of Testimony Completed and Argument of Counsel Begun

A big damage suit of Mrs. Susan M. Gregg vs. the City of Wilmington and Mr. Jas. F. Woolvin, which has engaged the attention of Superior Court for several days, will likely go to the jury late this afternoon, the taking of testimony having been completed and argument of counsel begun yesterday. J. O. Carr, Esq., of counsel for the plaintiff, made the opening argument.

The plaintiff rested yesterday morning, after introducing the usual mortuary table, showing a man's expectancy. The city did not offer any evidence, but Mr. Woolvin did. Mr. Woolvin is trying to establish the fact that he is not liable as the work on his building was being done by a contractor and if there was any liability it would be with the contractor. Mr. Woolvin was on the stand practically all the morning. He testified that he had nothing to do with the work, nor the piling of the brick; that he had the work done by contract, Mr. B. H. Stephens being the contractor. Mr. B. H. Stephens was also a witness for the defense as was also Mr. J. B. Cooper, of Mr. Woolvin's funeral parlors.

Lecture at Marine Hospital

At the United States Marine Hospital last night Dr. Chas. W. Stiles delivered a most interesting lecture on soil pollution and the hookworm disease to the officials of the city health department and the members of the sanitary police corps. The lecture was illustrated with steropticon views and was heard with keen interest by all. The members of the sanitary police corps, especially, learned from the lecture much that will be of great value to them in their daily work in the city.

WRIGHTSVILLE BEACH

Although there are not a great many people on the island as yet the hotels and boarding houses at Wrightsville Beach are gradually filling up for the season, and with the arrival of a large party from Atlanta and Birmingham Friday and the usual week-end guests from this and adjoining States, by Sunday the general appearance of the resort should give one the idea that the season is really on in earnest. There were a number of arrivals at each of the three hotels yesterday and some of the number expect to spend several weeks at the resort.

Mr. Jesse N. Couch, manager of the Oceanic, said yesterday that he had completed all arrangements for the annual meeting of the North Carolina Country Bankers' Association, which is scheduled to be held there Thursday, Friday and Saturday of this week. Mr. Lacy Williams, of Maxton, is secretary of the organization. The annual meeting last year was held at the Oceanic and the bankers were so well pleased with the resort and the hotel accommodations that they readily accepted the invitation to meet there again this year. Mr. Couch is also ready for the annual meeting of the Grand Lodge of Pythians, which meets at the hotel next Tuesday, Wednesday and Thursday. One of the features will be an elaborate banquet Wednesday night.

The Hanover Inn, located midway between the Oceanic and Seashore hotels, has a large number of guests and nearly every day it entertains parties from the city. The hotel is catering especially to the people of the city in dining room service. Among the reservations is a party of 14 from Henderson, Ky., to arrive in about two weeks for a stay of some time. Among those who are spending some time at the hotel are Mr. and Mrs. Tomz, Wilmington; Mrs. Willingham and child, Atlanta; L. L. Hanby, Rutherford, N. J.; J. J. Lantaback, West New York, N. J.; Mr. and Mrs. J. M. Peoples, Wilmington; Mr. and Mrs. A. A. McClelland, Marton; E. F. Wickes, Hinton, W. Va.

The arrivals at the Seashore yesterday included Mr. J. T. John and little daughter, Miss Alice John, of John's Station; Jas. L. Reynolds, North Augusta, S. C.; Miss Lane, Saluda, N. C.; Mr. and Mrs. F. B. Gault, Lake Waccamaw; J. K. Kerr, Charlotte; H. W. Gambrill, Baltimore, Md. Mr. Tom Piver is again the very efficient life saver at the Seashore this season. He has already entered upon his duties and every day there are a large number in the surf. As previously stated, Mr. W. B. Savage, popularly known as "Tuck" Savage, is the life saver at Lumina, and Mr. Freeman Yopp is at the Oceanic Hotel.

Dr. W. D. MacMillan, county superintendent of health, will today make his annual inspection of the beach from a sanitary standpoint. The inspection will be more thorough than ever before and should conditions not be all that is required in every particular the property owners and residents will be notified that the same must be remedied. He will make an examination of the sewerage system, plumbing, wells, etc.

ARKANSAS CONVENTION TODAY

Meeting Will Likely Be Harmonious—Clark Wants Unit Rule

Little Rock, Ark., June 4.—Preliminary to the State convention tomorrow the Democratic State Central Committee in session here today decided a number of contests affecting county delegates. Points involved will not affect the Presidential aspirants, but concern matters purely of State interest. That tomorrow's convention will be in the main harmonious is conceded by leaders on the ground. The difference between the interests of the Clark leaders and those supporting the forces of Wilson and Harmon involves the question of instructions and the unit rule.

Clark leaders desire the instructions to be for Clark without reservation; also they wish the Arkansas delegation put under the unit rule. Harmon and Wilson adherents oppose both propositions. Determination of the issues involved rests with 57 uninstructed delegates in view of an instructed total of 234 for Clark out of a grand total comprising the convention of 580.

WOULD ARREST T. B. FELDER

Blease Orders Sheriffs to Take Delegate En Route to Baltimore

Columbia, S. C., June 4.—Governor Cole L. Blease, in a statement today, announced that he will instruct the sheriffs of Greenville and Spartanburg counties to arrest Thomas B. Felder, the Atlanta lawyer and member of the delegation from Georgia to the Democratic National Convention at Baltimore, when the delegation passes through South Carolina en route to Baltimore.

Rewards aggregating $200 were offered sometime ago by Governor Blease for the arrest of Mr. Felder on warrants for his arrest charging Mr. Felder with conspiracy to defraud the State of South Carolina and attempting to bribe a State official. In the event that Mr. Felder is arrested in Baltimore, Governor Blease states that he will issue a requisition on the Governor of Maryland for Mr. Felder's return to this State.

—Mr. Geo. C. Morton, State Commander of the Knights of Maccabees of the World, is spending a few days in the city.

..Theatrical..

Three feature pictures will be the offering at the Grand Theatre today, or really, there will be four, as two of the most pleasing are on a single film. And this is an Edison and the subjects are "Dream Dances," performed by Virginia Myers, five years of age, and "How Patrick's Eyes Were Opened," a brilliant comedy.

"Dream Dances" is a special descriptive of a baby genius who has attracted world-wide attention. Every mother and every child, not to mention the fathers, should see this beautiful picture. The dances are separated into different groups with different backgrounds and each is prefaced by a sub-style indicating the kind of dance and the music that is appropriate. The accompaniment for the dance will be played by the always delightful Grand Orchestra. "How Patrick's Eyes Were Opened" introduces several characters whose wit and humor make the film one of great pleasure. The theatre will be cool and pleasant today and with the splendid music by the orchestra the place will be found especially attractive to amusement patrons.

The New Bijou

Again last night was the new Bijou the mecca for amusement lovers and hence the beautiful theatre, where big shows and solid comfort hold forth, was jammed from early until late. The public is indeed marvelous and attests to the great popularity of the theatre. Undoubtedly, however, one of the main attractions of the theatre is the fact that it is kept delightfully cool and that the ventilation is of the freest and freshest kind. There is a constant stream of fresh air and the entire air in the theatre is changed every five minutes, which makes the place decidedly healthful. Then scores of electric fans furnish the cool atmosphere.

Today's bill at the Bijou is going to be another corker, teeming with the very best of films, both of the dramatic and comedy order. The topliner will be a big Biograph film, "An Outcast of Outcasts," and it is one of the best ever manufactured. This will only be one of many good ones, however.

COTTON MARKET MORE ACTIVE

The Government's Condition Report Was About As Expected and Failed to Stimulate Any Fresh Interest

New York, June 4.—The government's condition report of 78.9 per cent. proved just about as expected, and failed to stimulate any fresh interest of consequence in the cotton market today, but trading was more active than yesterday and prices advanced, with the close very steady at a net gain of from 7 to 10 points.

The market opened steady, at unchanged prices to an advance of 6 points in sympathy with better cables than looked for, but soon turned easier under scattering liquidation and favorable weather reports.

Prices worked off to a net decline of about 2 to 5 points during the morning, but steadied up to about the closing figures of yesterday, just before the report was issued on covering of shorts and a moderate demand from trade sources.

Closing prices were within 2 or 3 points of the best. The most general expression of opinion in the local trade was that the condition of the crop had improved since the government report was made up. The condition of 78.9, however, being under the 10-year average of 81.5, and perhaps a little less favorable than anticipated by some of the recent sellers, brought no pressure against prices, and there was considerable covering in the late trading, because of the continued light offers and the appearance of trade support.

Receipts, 4,059 bales, against 8,964 last week and 4,271 last year. Today's receipts at Galveston, 2,535, against 1,876 last year; at New Orleans, 237, against 966 last year, and at Houston, 424, against 311 last year.

Spot closed quiet, 5 points higher; middling uplands, 11.45; do. gulf, 11.70; no sales.

Futures closed very steady.

CHICAGO GRAIN.

Chicago, June 4.—Sprinkles of rain today at scattered points in Nebraska and Kansas disturbed to some extent the confidence of wheat bulls, who have been acting on reports of some crop damage, the result of heat and drought. In consequence, the market, although closing with a net gain of ⅛ to ⅜@½ had a rather weak tone. Corn wound up at an advance of ¼ to 1⅛ and oats dearer by ⅜ to 1@1⅛. The outcome in provisions was 7½ to 12½c. decline.

Man Coughs and Breaks Ribs.

After a frightful coughing spell a man of Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What ago-ny Dr. King's New Discovery would have saved him. A few teaspoonsful ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumption today if I had not used this great remedy." It's guaranteed to satisfy, and you can get a free trial bottle or 50 cent or $1.00 size at R. R. Bellamy.

GREATER BREADTH IN STOCKS

Crops, Politics and Railway Earnings Were Some of the Factors Around Which Yesterday's Stock Market Revolved.

New York, June 4.—Crops, politics and railway earnings were some of the factors around which today's stock market revolved. Consideration of the next government report on cereals to be issued June 10, dealt chiefly with conditions in the West and Southwest, prospects elsewhere being very good. Washington today submitted official estimates on the cotton crop as of May 25th, last. These show practically 79 per cent. of normal, as compared with 87.8 per cent. in same period of 1911 and 82 per cent in 1910. Another batch of railroad reports for April disclosed further general losses.

Judging from the course of prices, none of these developments was of a deterrent character.

The market opened strong and more active than for several days past, and afterwards took on greater breadth, albeit dealings again became dull. Reading and Union Pacific were the most prominent features of the early session, with a strong undertone to United States Steel, the Coppers and such specialties as American Tobacco, International Harvester and American Can. In the final hour trading fell off to the point where it ceased to amount to much except in American Tobacco, which advanced another four points, to the phenomenal rise of the previous day, while the standard shares yielded some of their early advantage. The feature of the local money market was slight reduction in rates for three and four months' accommodations.

Bonds were firm. Total sales, par value, amounted to $2,461,000. United States government bonds were unchanged on call. Total sales today, 323,900 shares.

CONVENTIONS IN THE STATE

(Continued from Page One.)

after voted as follows as to preference: Wilson 103 1-2; Underwood 59 1-2; Harmon 2; Clark 1. The convention decided to send 56 delegates to the State convention instead of the 24 prescribed and have every precinct represented, no precinct to have less than one-half vote in the State convention.

The convention also voted to send 83 delegates to the Fourth Congressional District convention which meets at 1 o'clock tomorrow.

The fight over expression of Presidential preference was a strenuous one and consumed most of the time of the convention. The outcome is taken to mean that the Congressional convention tomorrow will name Wilson delegates to Baltimore and the belief is growing that the Wilson forces stand a good chance of capturing the State convention. Under the primary law regulations a special committee will figure out the relative strength of various candidates for State offices as voted in the primaries and the statement will be placed in the hands of the Wake delegation to be voted in the State convention.

The convention vote on the motion to table the resolution to take the Presidential preference vote was 78 for tabling and 89 for not tabling. It was following this action that the convention gave the preferential vote of 103 1-2 for Wilson to 59 1-2 for Underwood.

TWO SEEK PARDONS

Causes of Land Grafter's Pardoning Become Known Yesterday

Washington, June 4.—The causes which controlled President Taft in granting an unconditional pardon to Willard N. Jones, convicted in the famous Oregon land fraud cases, became known today and it was learned that based by the same charges of unfair and improper method by the United States government prosecution of the alleged frauds which stirred the country six years ago, applications for the Presidential pardon of two other men are being considered by the Department of Justice.

Franklin P. Mays and Hamilton H. Hendricks are seeking pardons on the ground that they likewise were denied their constitutional rights. Mays, indicted with the late Senator Mitchell and former Representative Herrman, was convicted of conspiracy and sentenced to four months imprisonment and to pay a fine of $10,000. Hendricks was convicted of subordnation of perjury and sentenced to 13 months and to pay a fine of $500.

Consideration of their appeals for executive clemency will be based upon the investigation which resulted in Jones' pardon. These cases have not yet reached the President.

The Oregon land fraud prosecutions were conducted almost wholly along political lines, and "a veritable reign of terror existed," were the charges submitted to Attorney General Wickersham in a brief by Henry H. Schwartz, former chief of the field division of the general land office and James S. Easby-Smith, attorneys for Jones in the pardon proceedings.

The methods of Detective William J. Burns, who developed the government's case and others of the prosecution were severely attacked by the brief. The whole jury box list of over 500 names, from which the grand and petty juries were drawn, was determined and selected, it was alleged by the government prosecutors and detectives and the political enemies and associates of Jones along political lines "with the purpose and result of securing men who were prejudiced and who would convict."

The brief also charges that witnesses were intimidated into giving false testimony against Jones under threat of indictments; that witnesses were so threatened by a member of the grand jury and by government detectives in the presence of their families and that in various cases then being tried numerous persons were indicted and compelled to give evidence against other defendants not true in fact and thereafter such indictments were discussed.

COMMITTEE NAMED

To Prepare Plans for Freight Classification Fight

Atlanta, Ga., June 4.—The personnel of the committee appointed at the recent conference of the several railroad commissions and other trade bodies to petition the Inter-State Commerce Commission for a suspension for 180 days of Southern Classification of Freight Rates No. 39 was announced today as follows:

Chairman, C. M. Candler, of the Georgia commission; Robert R. Prentiss, of the Virginia Corporation Commission; J. S. Davant, commissioner of the Memphis Freight Bureau, and J. T. Latter, commissioner of the Birmingham Freight Bureau.

The purpose of the committee is to prepare a plan of action in the anticipated fight against the new classification.

FEARED POISON IN FLOWERS.

Wife, Seeking Divorce, Has Husband Arrested for His Floral Gift.

Chicago, June 4.—While a maid who has heart trouble was opening a box of flowers sent to Mrs. Frederick Ebeling by her husband today, she fainted. Mrs. Ebeling, who is suing her husband for divorce, believed the flowers contained poison and said so in her bill. She also caused his arrest.

The city physician examined the flowers and reported there was no poison in them. Ebeling's case was continued until next Tuesday.

As Ebeling was leaving the court room he was arrested by Federal officers on a charge of having sent obscene post cards through the mails.

Truth may be stranger than fiction, but that isn't the fault of the fiction writers.

INFANT COLITIS.

Several Deaths at Kinston—Remarkable Memory—Other Notes.

(Special Star Correspondence.)

Kinston, N. C., June 4.—An epidemic of infant colitis is menacing the children of this city and vicinty. Three infants was the toll of the disease in 48 hours, in Kinston alone, and there have been other deaths in the outlying country. Children of D. I. Spence, C. M. Sumrell and Charles Barfield were victims. The epidemic is giving local physicians and health authorities some concern, but the remaining cases are thought to be well in hand.

Floyd Loftin, a young man of Coahoma, this county, who was an aspirant for a prize offered for the best record in a Sunday School competition, by Solicitor Henry E. Shaw, performed the really remarkable feat of committing to memory 3,050 verses of the Bible. Loftin's study of the scriptures was only during three months prior to the contest, and his accomplishment was considered little short of wonderful.

Claude Tilghman, a well known young man of Caswell, near here, was badly hurt by being thrown from a buggy. Tilghman was standing in the vehicle, putting on his coat preparatory to driving off, when the mule which he was to drive started off. The young man was hurled violently to the ground, and his head badly cut and bruised. He did not recover consciousness for four hours, when his wounds were declared not serous by the physician attending.

R. H. Lewis, Jr., and Richard Faulkner, of this city, recently returned from a year's stay in Detroit, have accepted positions in Kansas City. Mr. Lewis goes with the advertising department of the Motor Car Magazine.

An unusual case of vandalism occurred in Contentnea Neck township, this county, when the headstone was stolen from the grave of the daughter of a farmer, B. B. Jones. No possible reason could be suggested for the occurrence, and the mound was otherwise undisturbed. That the stone was in a private yard made the depredation all the more puzzling.

Because their precinct has not been represented on the board of county commissioners in 20 years, many voters of Falling Creek township signed an endorsement of Geo. F. Parrott as candidate for the board, which was published in the local paper today. Following an account of Mr. Parrott's accomplishments and fitness for the office, and incorporated in the article in terms of pride is the ainouncement that he has lived in the same house since birth, and that he sleeps in the same room in which he was born. This proclaiming of Mr. Parrott's homing proclivities, it is thought, will have a healthy effect upon his candidacy.

CUBAN SENATE REPORTS.

Advises Suspending Guarantees in Oriente—Paducah to Santiago.

Havana, June 4.—The Senate Committee on Laws reported this evening a recommendation for the passage of a law empowering President Gomez to suspend the constitutional guarantees, but only in the province of Oriente. The suspension of the guarantees in the other provinces was considered unnecessary and inadvisable, especially on account of the approaching elections. The bill doubtless will pass both houses tomorrow.

The American consul at Santiago, Ross E. Holaday, today expressed to Gen. Monteagudo, the Cuban commander-in-chief, that in his opinion it would be advisable to have an American warship stationed at Santiago where there is acute alarm on account of the presence of strong bodies of rebels, some of whom have advanced and exchanged shots with the police and volunteer guards. It is reported that the United States gunboat Paducah will arrive at Santiago some time tonight.

Sixteen negroes who were confined in jail at Guanajay, on the charge of conspiracy, escaped this evening. They overpowered the guard, seized some rifles and revolvers and fled. A detachment of rurales and armed citizens pursued them and it is reported killed eight and captured one of the band.

Extraordinary police precautions continue at Havana, in consequence of the persistence of the rumors of a negro uprising. Many American families are arriving at Havana from the outlying districts. Thousands of licenses to keep rifles and revolvers have been issued in Havana and practically all men now go armed with revolvers. Business throughout the island is practically at a standstill.

A correspondent who has just arrived at Santiago from Bayamo reports that a train filled with refugees was fired on by a party of 50 insurgents near Hatillo. Many bullets struck the cars, but no one was injured. Rural guards on the train and passengers returned the fire and it is believed killed two rebels.

The town of Jarahueca, near Guantanamo, has been captured by the insurgents, who sacked and burned it. They also destroyed several coffee plantations nearby.

RED SPRINGS SHOOTING

Citizens Offer $500 Reward—Victim Dies In Fayetteville Hospital

Red Springs, N. C., June 3.—A reward of $500 subscribed by the citizens of Red Springs is offered for the capture and delivery of George Swann, who fatally shot C. C. Gibson, of Red Springs, Saturday. Swann is a coal black negro, 5 feet, 10 inches high, weighs about 190 pounds, teeth very white, present occupation, fireman.

Fayetteville, N. C., June 3.—C. C. Gibson, superintendent of the Red Springs cottonseed oil mill, who was shot Saturday afternoon in the mill yard by George Swann, a negro, today shortly before 11 o'clock succumbed to his injuries in St. Luke's Hospital to which he was brought soon after the shooting. Gibson was twice shot, one ball piercing both eyes and carrying away the bridge of his nose while the other was taken from one of his lungs.

The negro was smoking on the yard of the cotton seed oil mill of which Mr. Gibson was superintendent and was told that it was against the rules. The negro refused to stop smoking or get off the premises when Mr. Gibson went to the office for his pistol. This the negro wrenched away from the white man and shot him with it. A widow and several children, the oldest 14 years old, survive Mr. Gibson. The body was taken to Red Springs this afternoon for interment.

Company B, Third Regiment, of Raleigh: E. P. Parrish, first lieutenant; B. S. Parker, Jack Russell, Allie P. Arnold, C. B. Crabtree, Robert E. Lee, J. A. Pennington, W. N. Batting, Geo. W. Hunt and Alexander Ruth.

HAROLD F. PRATT ARRIVES.

White Man Wanted in Newbern; Also in Richmond, Va.

(Special Star Telegram.)

Newbern, N. C., June 4.—Securely manacled, Harold T. Pratt, alleged forger, check flasher and swindler, arrived in Newbern this morning from Omaha, Neb., in charge of Deputy Sheriff W. G. Rouse, of Dover, N. C., who went to that city after the prisoner, when he was captured. Pratt will be placed on trial at the next term of Craven Superior Court, which convenes here on June 10th.

The chief of police of this city has received the following message from the chief of police at Richmond, Va.: "I beg to advise that I have received information that you have been successful in arresting one Harold T. Pratt, wanted by your department on a charge of grand larceny. I also beg to advise that on January 12th, 1912, Harold T. Pratt was in this city, and passed several worthless checks, for which I hold grand larceny warrants and indictments for his arrest, and at the time sent out requests to different places, including Newbern, N. C., requesting his arrest. Please advise as early as possible what disposition has been made of his case, and should there be any chance of his getting away, on your charge, hold him for this department, and advise at once, and I will forward papers for the purpose of bringing him here for trial."

WELCOME GERMANS.

United States Army at Fort Monroe Does the Honors.

Fort Monroe, Va., June 4.—On the picturesque parade ground inside the walls of historic Fort Monroe, the United States army today formally welcomed the officers of the German Emperor's visiting cruiser squadron. Men of the coast artillery corps garrisoning the fort paraded in honor of Rear Admiral von Rebeur-Paschwitz.

Col. F. S. Strong, commanding the artillery districts of the Chesapeake Bay, with headquarters here, received the German visitors and conducted them to the parade ground.

To the music of their band the two battalions of artillerymen marched in review before the German general.

All through the army reservations today sailors of the German squadron fraternized with sailors from the American squadron or soldiers from the fort. Junior officers from the German squadron were escorted about by officers of their own grade from the American ships.

Following the review and exhibition drill, Read Admiral Winslow had prepared a luncheon for the German admiral and higher officers of the German squadron on board the flagship Louisiana. Many excursion boats carried visitors to the foreign ships.

One of the features of the day was a garden party in honor of the German officers at the home of H. A. Schemelz, at Hampton, Va. This evening Admiral von Reber-Paschwitz and a number of his officers will leave for Washington to begin a round of festivities there.

ARRIVE IN CHICAGO.

McKinley and Dixon Reach Chicago for the Fray.

Chicago, June 4.—Congressman W. B. McKinley and Senator Joseph M. Dixon, campaign managers for President Taft and Col. Roosevelt, respectively, arrived in Chicago today to begin the final battle for their candidates. Charles Dick, the former Ohio Senator, and Mr. Taft's attorney in the contests, and several other prominent leaders, also arrived.

Both the rival camps are located in the Congress Hotel, which is also the official headquarters of Col. Harry S. New, chairman of the sub-committee on arrangements. Advance guards of both the Taft and Roosevelt factions have opened the headquarters in preparation for the coming of the two chiefs.

With the arrival today of Victor Rosewater, of Nebraska, acting chairman of the Republican National Committee, it was thought the members of that body present would be called together informally. No regular meeting of the committee was scheduled for today, however.

ARRAIGNED BY BISHOP NEELY.

Retired Prelate Criticises the Recent General Conference.

New York, June 4.—Bishop Thomas Neely, of the Methodist Episcopal Church, who was retired recently on half pay, addressed the Methodist preachers here at their weekly meeting, arraigning in scathing terms the Methodist General Conference at Minneapolis, which took action against him.

"There were more new delegates in the general conference just closed than in any yet held," said the bishop, "and there were fewer who knew anything of Methodism, its traditions and especially the laws governing general conferences. It was an impulsive body; it could hardly be said to have been a deliberative body at all."

TO ADVERTISE THE SOUTH.

Southern Newspaper Publishers Are Planning to Boost Dixie.

Knoxville, Tenn., June 4.—A plan to properly advertise the entire South will be adopted by the Southern Newspaper Publishers' Association, which is holding its 10th annual convention here. J. R. Holliday, of the Atlanta Constitution, is the father of the movement. The money is ready and a committee composed of Mr. Holliday, chairman; C. B. Johnson, of the Knoxville Sentinel; J. A. Park, of the Raleigh Times; E. C. Withers, of the Columbia State, and J. B. Wintersmith, of the Louisville Courier Journal, has been appointed to outline a plan of campaign.

After two business sessions the delegates were taken to the grounds of the National Conservation Exposition and shown through the buildings. Tonight they were guests of the exposition company at a brilliant banquet.

Officers will be elected tomorrow and Victor H. Hanson, of the Birmingham News, now vice president, probably will be chosen as the executive head of the organization. New Orleans and Norfolk are trying to get the next convention.

CLARK STRONG IN W. VA.

He Captured Six Instructed Delegates in Conventions Yesterday.

Wheeling, W. Va., June 4.—At district conventions held in the five Congressional districts of West Virginia today, Speaker Champ Clark secured six instructed delegates in the Second, Third and Fourth districts. The two delegates in the First district are uninstructed, but favorable to Clark, while in the Fifth district the delegates are uninstructed, but are said to favor Governor Harmon, of Ohio. The forces of Governor Wilson made their hardest fight in the First district and lost, though preventing outright instructions. The feature of the conventions was the selection of National Committeeman John McGraw, the Wilson State leader, as one of the Second district's two instructed delegates for Clark.

The Democratic State convention will meet at Parkersburg on Thursday to select six delegates at large.
